New Jersey's Low & Moderate Income Housing -

“Affordable Housing”

New Jersey's Fair Share or "Affordable Housing" Program is designed to ensure that all municipalities provide some housing that is affordable to low and moderate income families. Affordable Housing is in short supply in Somerset County and each town operates an independent "Affordable Housing" program. Many of the units are inclusionary developments (four market rate units to every low and moderate income unit). Some of the complexes have all of the affordable housing units grouped together while other complexes disperse the affordable units throughout the development. All of the units are attached housing/condominium structure and require membership in a homeowners association.

In order to participate in this program, applicants must meet the income requirements. There are various developments listed in the directory. To find out which developments have vacancies or to apply call the contact person for the development you are interested in. You can also contact the Central Jersey Housing Resource Center (CJHRC) or visit our website at www.cjhrc.org for the monthly “availability” list.

Qualifying for a “Affordable Housing” Home

All households must meet the following criteria:

- a. Be a US Citizen or permanent resident alien**
- b. Be at least 18 years old**
- c. The purchaser must use the affordable unit as his or her primary residence**
- d. Have sufficient income to finance the purchase**
- e. Meet the income and documentation requirements**

To qualify to buy an “Affordable Housing unit”, applicants must have the required down payment of at least 3.5 - 10% of the purchase price plus closing cost. Closing costs may include sales/broker’s commission, items payable in connection with the applicant’s loan, items required by lender to be paid in advance, reserves deposited with lender, title charges, government recording charges, and any additional settlement charges.

CJHRC provides programs and resources to help you understand the home ownership process. CJHRC's offers various pre-purchase seminars.

This guide may not encompass all available units in Somerset County. The information provided in this guide has been gathered and was revised and updated in October 2018.
