Central Jersey Housing Officers & Available Resale/Sale Units – NOVEMBER 2018

Affordable housing units were built in the below communities. The names and telephone numbers of the Housing Officers are listed below as well as what is currently available. Please remember that availability can change daily and this list is only updated once a month. Please contact the people who handle the affordable units and ask them any pertinent questions you have. The process for applying for a unit(s) can vary so be sure to follow the appropriate instructions for each location you want to apply to. In order to increase your chances of obtaining low and moderate-income housing, we encourage you to apply to every municipality where you are interested in living (**even if there currently is no availability**). They still accept applications and you never know when something will become available. The application will be evaluated based on the size of your family and your income. Some towns are exempt and therefore do not have any affordable units to apply for in their town.

CJHRC has made every effort to provide you with the most current and accurate information. CJHRC cannot be held responsible for inaccurate, misinterpreted or outdated information contained herein. You are not required to apply to any of the below towns or complexes. We encourage you to review and apply for any and all appropriate housing opportunities for your situation.
