ABOUT THE HRC

Welcome to the New Jersey Housing Resource Center (NJHRC)!

The NJHRC is a FREE, online searchable registry of affordable and accessible housing units throughout the State of New Jersey, including:

- Affordable Rental Housing
- Affordable For-sale Housing
- Housing with Accessibility Features

Launched in 2005, the NJHRC website was created by the [New Jersey Housing and Mortgage Finance Agency \(HMFA\)](#) to provide a central location for New Jerseyans to search for as well as list available affordable and accessible housing units throughout the state.

The HMFA, an affiliated agency of the [New Jersey Department of Community Affairs \(DCA\)](#), continues to fund and support NJHRC. To provide the most up-to-date web- and call center-based housing location services as well as disaster recovery efforts, HMFA has partnered with the non-profit organization [Socialserve.com](#). Socialserve.com's mission is to help people access affordable housing and supportive services by developing solutions that utilize leading-edge technology.

The NJHRC is updated daily to consolidate resources provided by the New Jersey Apartment Association, New Jersey Association of Realtors, and landlords, among others, to help individuals and families find available rental and for-sale units in their desired areas.

No matter your specific housing needs, the NJHRC can help you.
