7th Edition, September 2026

Housing in NJ is sometimes difficult to attain, whether rental or to purchase at an affordable cost. Fortunately, there are various affordable housing programs. We have tried to compile a directory of information to help households with their housing search and with resources. Vacancies for developments listed in this directory vary. To find out which developments do have vacancies, consult the contact person for the development you are interested in. You can also contact our office, the Central Jersey Housing Resource Center (CJHRC) and our counselors will try to assist you. Contact us at 908-446-0036 Monday to Friday between business working hours. We also encourage those with computer/internet to visit www.cjhrc.org

This guide may not encompass all properties or resources available in Hunterdon County. CJHRC strived to gather as much information to help you with your housing search some entities provided lots of information and for other places, we could only compile minimal information.

Although every effort has been made to provide you with the most accurate, current and clear information possible, CJHRC cannot be responsible for inaccurate, misinterpreted or outdated information contained herein.

This guide was last updated by CJHRC in September 2026. As we receive updates on new properties, we update this guide.

INFORMATION & HOW TO USE THIS GUIDE

In order to participate in certain housing programs there are applicant households must be within certain income guidelines and met certain criteria.

If you are interested in any of the units listed, you must contact the appropriate entity or person provided. We suggest you inquire about their process for applying, move in dates/availability and more. We suggest you keep a written record of all places you apply to, who you spoke with or left messages for with numbers and dates and then follow up when appropriate or if you do not get a response.

(*) Maximum income limit to participate in the Affordable Housing Program

Eligibility for the New Jersey Fair Share Housing (Mt. Laurel) Program is determined by gross annual household income. To qualify for NJ Fair Share Housing, your income must be no more than 80% of median for moderate income or 50% of median for low income and 30% for very low income. For most NJ Fair Share Housing projects, an income of at least 35% of median is required to meet housing costs.

Income includes, but is not limited to: wages, salaries (including overtime), tips, commissions, alimony, child support, social security, disability, pensions, unemployment compensation, TANF, business income and actual or imputed interest earned from assets (which include bank accounts, CD's, stocks, bonds and other securities), rent and real estate income and any other form reported to IRS.

If you have a larger size household, need to know about asset limits or have questions about NJ Fair Share Housing or other affordable housing options, please call the Housing Resource Center at (908)446-0036.

Credit Checks

Most, if not all, apartment complexes check applicant's credit. You should find out each complexes credit policy and any fees which may be involved. Also if you are planning to purchase a home you will want to make sure you are in a good position with your credit.

You may want to check your credit bureau reports before you start looking or applying for rental units or to purchase a home. Since credit bureau scores are based upon information in your credit bureau reports, you should check your reports from each of the three main credit bureaus in the U.S. to make sure your credit information is accurate. Each may have slightly different information in your file, so be sure to request a copy of your credit report from each. If you've been turned down for credit the issuing credit bureau is required by law to provide you with your report for free. Carefully review the report to verify that all of the information is correct. If you find any mistakes, report them to the bureau immediately. By law, the bureau must respond to your inquiry within 30 days. Also, keep in mind that debt to income ratios also play a part in attaining housing, so even if you have a good credit score and a good credit report you may not be approved for a rental unit or mortgage financing. On the **next page** we list credit counseling entities that may be able to assist you if your credit is an issue.

You can reach the bureaus at the following phone numbers:

- **Equifax: 1-888-378-4329**
- **Experian: 1-888-397-3742**
- **TransUnion: 1-800-916-8800**

NJ Free Credit Reports

As a result of a recent amendment to the federal Fair Credit Practices Act, consumers nationwide are now able to obtain free copies of their credit histories from the three national credit bureaus (Equifax, Experian and TransUnion). **As of October 16, 2023, everyone is entitled and can get a FREE credit report every week.** The ONLY authorized online source for you to get a free credit report under the federal law is **annualcreditreport.com** and to make sure you are going to this site only, check your spelling or go to the site directly through the FTC's (Federal Trade Commission) website.

There are other sites that claim to offer "free" credit reports, but may charge you for another product if you accept a "free" report, so be careful of the sites that look or sound similar.

The address for obtaining your annual credit report by mail (must fill out the Annual Credit Report Request Form) is Annual Credit Report Request Service, PO Box 105281, Atlanta, GA 30348-5281. You can also call 877-322-8228 if you have questions or want to request the form.

Your credit contains information on:

- where you live, whether you own your home, and how often you've moved
- how you pay your bills
- how much credit you have
- what types of credit you have
- whether you've been sued, arrested, or filed for bankruptcy

Elder Cottage Housing Opportunities (ECHO Units)

An ECHO unit is a small, removable modular cottage put on a concrete slab or treated wood foundation in a back or side yard of a home. The unit is specifically designed to meet the needs of seniors or people with disabilities. This permits people to live independently, but close to those who are concerned about them. The cottages vary in size, from efficiency units to larger units. ECHO units are connected to the utilities of the primary dwelling and can be fashioned to match or complement the house. The unit is designed to be removed when it is no longer being used. Zoning and environmental protection requirements must be met in order to install this type of temporary housing. Units may be bought, but ECHO programs in some NJ counties enable older or disabled persons to rent ECHO units, sometimes at affordable rates. Call the NJ Department of Health and Senior Services, Division of Aging and Community Services, at **1-800-792-8820**, or contact the municipality for more information. **THIS OPTION IS CURRENTLY NOT AVAILABLE IN NEW JERSEY.**

Accessory Apartments

Accessory apartments are independent housing units created out of the surplus space in single family homes. Examples of accessory units include mother-daughter homes or converted attics or garages. The accessory unit is subordinate to the primary unit in terms of size, space, location and appearance. The main structure is usually divided so that the subordinate unit can function independently of the main common utility service. Call the NJ Department of Health and Senior Services, Division of Aging and Community Services, at 1-800-792-8820, or contact the municipality for more information

Residential Health Care Facilities
